Helpful Tips

- We now accept donations in a separate area. First double-door to the left of our storefront.
- Please separate clothing from housewares in separate bags. It helps our operation run smoothly!
- Quality is important (i.e. nothing stained, threadbare, tattered, rusty, greasy etc...). What we can't sell, costs us money to dispose of.
- We can't fix donations, please donate items that are in working condition.
- When donating a large number of items (i.e a truck full), call ahead of time so that we can do our best to accommodate: **(215) 922-3186**
- **Do NOT leave donations outside when we are closed, as they may get damaged or stolen.**
- For questions about donating or sending a photo: phillyAIDSthrift@aol.com

We reserve the right to refuse any donation that we do not deem sellable.
